Choreo-graphic Figures: Deviations from the Line

Choreo–graphic Figures: Deviations from the Line
is an interdisciplinary research collaboration involving artists Nikolaus Gansterer (AT), choreographer Mariella Greil (AT) and writer-artist Emma Cocker (UK) as investigating their forms or lines of drawing, choreography and writing. The project advances through guest/virtual method labs within collaborative exchange, between a series of intensive choreography and writing. The project advances through guest/virtual method labs where the key researchers tend useful guests together geographically in one place to practice thinking practice-as-research and to develop singular forms of choreo-graphic figures: De v iatio ns from the Line (2014 – 2015).

The shared research quest is to find a system for notation for honouring the process of imaging as a live investigative event, and to develop notation for honouring the process of imaging as a live investigative event, and to develop singular and sharable forms of choreo-graphic figures: Deviations from the Line (2014 – 2015).

Openings: 25 July 2015, 15:00 – 19:00 and 10 August 2015, 15:00 – 19:00
